🟢 Part 1: Fundamental Word & Sentence Structures (علم النحو - بنیادی قواعد)

- **Question 1: Al-Kalima wa Aqsamuha (الکلمہ واقسامہا):** Define Kalima (meaningful word). Explain its three fundamental types: Ism (Noun), Feal (Verb), and Harf (Particle) with their specific identification signs (Alamaat). [1]
- **Question 2: Jumla Ismiyah (الجملۃ الاسمیۃ):** What is a Nominal Sentence? Define its two core components: Mubtada (Subject) and Khabar (Predicate). Provide rules governing their grammatical states (I'rab).
- **Question 3: Jumla Fealiyah (الجملۃ الفعلیۃ):** Define a Verbal Sentence. Explain the structural arrangement and roles of Feal (Verb), Fail (Subject), and Mafool (Object) with relevant examples.
- **Question 4: Al-Ma'rifah wal-Nakirah (المعرفۃ والنکرہ):** Differentiate between Definite (Ma'rifah) and Indefinite (Nakrah) nouns. Detail the primary categories of Ma'rifah (such as Asma al-Isharah, Asma al-Mawsool).
- **Question 5: Al-Murakkab al-Tauseefi (المرکب التوصیفی):** Explain the rules of descriptive phrases. How must the Mausooff (Noun) and Sifat (Adjective) match each other in gender, number, definiteness, and I'rab?
- **Question 6: Al-Murakkab al-Izaafi (المرکب الاضافی):** Define the possessive phrase. Explain the grammatical rules explicitly governing the Mudaf and Mudaf Ilaih (e.g., Mudaf cannot take Alif-Lam or Tanween).

🔵 Part 2: Verb Conjugations & Derivatives (علم الصرف - گردانیں اور ابواب)

- **Question 7: Feal Mazi Maroof wa Majhool (الفعل المانی المعروف والمجہول):** What is the mechanism for converting an Active Past Tense verb (Maroof) into a Passive Voice verb (Majhool)? Write a complete 14-pronoun conjugation grid (Gardan).
- **Question 8: Feal Muzari (الفعل المضارع):** Explain the formation of the Present/Future tense verb. Highlight the four signs of Muzari (أ، ت، ي، ن) and how they modify the root letters.
- **Question 9: Feal Amr (فعل الامر):** Detail the step-by-step grammatical steps required to derive a commanding verb (Amr) from Feal Muzari Hazir (Second Person Present Tense).
- **Question 10: Feal Nahi (فعل النہی):** Define the negative command verb. Write down the conjugation paradigm for Feal Nahi Maroof using the prefixing Laa al-Nahiyah (لا الناہیہ).

- **Question 11: Thulathi Mujarrad vs Thulathi Mazeed Feeh (الثلاثی المجرد والثلاثی المزید فیہ):** Distinguish between bare triliteral verbs and those with augmented letters. Name at least three famous Abwab (chapters) of Thulathi Mazeed Feeh (e.g., If'aal, Taf'eel, Mufa'alah).
- **Question 12: Asma al-Mushtaqqah (الاسماء المشتقة):** Briefly explain the derivation rules and formatting weights (Awzan) for Ism al-Fa'il (Active Participle) and Ism al-Maf'ool (Passive Participle). [2]

🟡 Part 3: Noun Variations & States (اعراب اور اسم کی حالتیں)

- **Question 13: Al-Mansoobat (المنصوبات):** What are Mansoobat (nouns in the accusative case)? List out the major types of Mafool (like Mafool Bihi, Mafool Mutlaq, Mafool Fihi) with illustrative sentences.
- **Question 14: Al-Majroorat (المجرورات):** Define the genitive case states in Arabic grammar. Explain the two scenarios where a noun becomes Majroor (when preceded by Huroof al-Jar or when acting as Mudaf Ilaih).
- **Question 15: Plural Formations - Jama' (جمع کی اقسام):** Explain how sound masculine plurals (Jama' Muzakkar Salim), sound feminine plurals (Jama' Muannas Salim), and broken plurals (Jama' Taksir) are formed and declined.
- **Question 16: Al-Asma al-Khamsah (الاسماء الخمسة):** Identify the "Five Special Nouns" (Abu, Akhu, Hamu, Fu, Dhu) and demonstrate how their I'rab changes using letters (و، ا، ي) instead of standard vowel accents (Harakat).
- **Question 17: Al-Mamnoo' min al-Sarf (الممنوع من الصرف):** What are diptotes (Ghair Munsarif)? Explain the rules of nouns that do not accept a Tanween or a Kasra, and list at least two reasons (Ilal) that make a word diptote.
- **Question 18: Asma al-Isharah wa Asma al-Mawsool (اسماء الإشارة والاسماء الموصولة):** Write a short note on demonstrative pronouns (Near/Distant) and relative pronouns. Show their structural charts spanning singular, dual, and plural forms. [2]
